

The United States Official Investigation of baking powder, made under authority of Congress by the Chemical Division of the Department of Agriculture, Washington, D. C., recently completed, shows the Royal Baking Powder to be a cream of better powder of the highest quality, pure and wholesome, and superior to all others in strength, leavening power, and general usefulness.

COAST NEWS.

Several persons have been prosecuted by the heat at Modesto, Cal.

Earthquake shocks were felt at Petaluma, Eureka and Suisun in California Saturday morning.

At San Bernardino, Cal., Sunday Prudence Lajur stabbed and killed Jose Aguirre.

George Brenther, a Sacramento letter carrier, has been arrested for robbing the mails.

Thomas A. Vaughan, a Portland machinist, was fatally stabbed in a saloon row Sunday morning.

William A. Growert, a prominent citizen of Seattle, was run over and killed by the street cable car Saturday.

At Willsburg Station, five miles from Portland, Saturday, Mrs. Della Anderson was killed by the derailment of a train.

A house in Frenchtown, near Walla Walla, Wash., was burned to the ground, and in the ruins the remains of a woman were found, supposed to be those of Mrs. Lane.

George Killen, aged 13, ran away from home at San Jose and was killed, Saturday night, by falling from a brakebeam near Redwood City.

In a row between whites and Chinese near Howells Station, on the Cosumnes river in Cal., Sunday, three of the former were stabbed, one, Walter Lewis Pearson, fatally.

The Congregational Church at Merced Cal., burned Saturday. It is believed boys who were burning corks in a neighboring barn for an amateur minstrel show started the fire.

George Carter, a prisoner confined in the County Jail at Seattle, for forgery, was attacked and nearly killed Sunday night by W. Friederichs, another convict, during a quarrel.

A Good Appointment.

Yesterday the Governor appointed M. D. Foley on the State Board of Agriculture in place of C. C. Powning, resigned.

This is a good appointment, for Mr. Foley is ranked as an agriculturist wherever he is known. He was the first to plant the wangle wortzel beet in alkali soil near Reno, and his experiments with the castor bean in Eureka built up a great industry in the base range county. He was the first to graft grapes in the sagebrush of Humboldt, and anyone who passes Foley's ranch in Reno at 4 in the morning finds him up and holding the plow. As a tiller of the soil he lands on both feet every day and sometimes in the night. Powning never was a practical farmer, and Foley is a farmer all through.

Krall-White.

Yesterday afternoon Prof. Krall the music teacher was married to Miss Edith White, daughter of the late Postmaster White. The ceremony was performed at the residence of the bride, Rev. Geo. R. Davis officiating. Only the relatives of the family and their immediate friends were present.

The bride, who has long been regarded as the belle of the city, looked, if possible, lovelier than ever in her tasteful bridal dress. Miss Edith Parkinson and Frank Steinmetz acted as brides-maid and brides-groom.

The friends of the happy couple, which includes all of Carson, join with the Appeal in congratulations and long life.

A large crowd gathered at the train last evening to see the couple off.

The New York Mail and Express, which is in no sense a friend to silver, recently contained the following:

Since the first movement in silver, during a period in which the price has risen 15 cents an ounce, Great Britain sold us little less than two million ounces at prices 5 or 6 cents below the current quotation. During the present week we have shipped back nearly as much as that at an advance of current prices, and the effort to break our market has proved an ignominious failure. There is now no chance whatever of our losing control of the silver market, which has been so suddenly taken away from Great Britain.

Johnny Fagan was taken to Reno and placed in the Asylum last night.

Mountain Freaks.

James Talbot of Truckee reports numerous sheep thieves in the mountain pastures, and that more tourists are pouring into the mountains than ever. The attraction seems to be the remains of the deep snowfall of last Winter, the heaviest in the past sixteen years. He says the Eastern tourists, almost intoxicated with the novelty of huge banks of snow in July, have been climbing up steep mountain peaks around the lakes and searching out the snowbanks in the deep ravines.

Strictly Laughable.

Mark Twain's new book, "A Yankee in King Arthur's Court," is rated as the liveliest and most laughable of all of Twain's productions. It is a regular side splitter from end to end. A. F. Sisson is canvassing for it, and he also has the agency for Stanley's "Darkest Africa."
